

Role: Business Analyst - Pastoral

Location: Brisbane

of openings: 1

Role	Business Analyst - Pastoral
Reports to	Finance Manager - Operations
Location	Brisbane

Purpose of Position

As the **Business Analyst – Pastoral** you provide real time and in-depth analysis of the breeding, backgrounding & live export business units. The role will support Regional Managers with business intelligence that drives profitability and productivity to develop business and operational plans that drive continuous improvement, operational efficiencies and growth opportunities.

Reporting to the Finance Manager - Pastoral, your key responsibilities will include:

- Provide support and advice to operational leadership to drive improved financial performance;
- Review monthly performance outcomes to understand and learn from past performance, and identify future value creation opportunities;
- Coach key stakeholders in financial knowledge and business acumen to drive improved performance and to develop their understanding of commercial implications of decision making;
- Work collaboratively with fellow Business Analysts to share opportunities identified to maximise value across the business, driving standardisation and efficiencies with the wider Finance teams: Financial Accounting; Financial Planning & Analysis; Supply Chain; and Commercial;
- Review and endorse investment business cases for operational capital and continuous improvement projects; including modelling and sensitivity analysis of large capital projects;
- Support and influence the strategic direction and delivery of annual budgets and rolling forecasts to enable a sustainable competitive business advantage.

You'll be a confident self-starter who can work both independently and as part of a team. You will take the initiative to proactively seek out tasks and innovative ways to improve processes across pastoral

operations, while continuing to drive operational efficiency in your everyday work. Other key responsibilities will include the following

Knowledge and Skills

- Proven proficiency in development & preparation of End of Month reporting
- End of Month processing & analysis
- Financial modelling
- Budgeting & Forecasting
- Strong time management skills
- Excellent presentation and communication skills combined with strong facilitation and workshop skills
- Ability to prioritise tasks based on urgency and importance

Qualifications

- Degree qualification in Business/ Finance
- 3+ years' experience in a similar Business Analyst role
- CPA/CA is preferred

Required Experience

- Extensive experience working in a similar role
- Proven track record of high performance and successful delivery of KPI's
