

Role: Station hand / Farm Hand / Station technical roles

Location: Station / Farm / Feedlot

of openings: Multiple

JOIN OUR CREW

For almost 200 years AACo has been passionately perfecting and crafting the magic of Australia; and we want you to be a part of the journey we're on.

We're on the hunt for team members wanting to join our crew for the 2021 season (and beyond), starting in March. From Darwin to Dalby, we've got sensational opportunities for people willing to be a part of something (really) big, learn a whole lot, and have a ton of fun along the way.

As a team member on one of our stations, farms or feedlots, no two days are the same; from mustering on horseback or two wheel motorbike, drafting and trucking cattle to ensuring our stock are well looked after on our native pastures, each day you'll learn something new from some of the best and brightest in the business.

But it's so much more than just that; at AACo we don't want you to just have a job with us, but a career. We offer sensational training and developmental opportunities for all of our people, and genuinely believe in helping our people thrive and grow both professionally and personally, in a Company that values it's people, their safety, and the land!

To work as a Station Hand, there's a few criteria we need you to meet:

- Some experience with horses and two motorbikes
- Working with cattle experience is desirable, but not essential.
-

... and that's it! So what are you waiting for? Click the link below for more information and to apply for our 2021 season!

Start Date

2021 Season

Additional Notes

- This job can be physically strenuous (demanding) from time to time. You will be expected to be able to walk, climb, bend, kneel, lift, grip, grasp, push and pull various tools and equipment. You will need the ability to frequently lift, push and pull from 10–20 kilo's and occasionally more.
- This job will require the ability to ascend/descend ladders.
- You will be required to wear personal protective equipment, including hats, gloves, safety glasses, covered shoes, and respiratory protection and ear protection as appropriate.
- This job requires the ability to comprehend written and oral operational and safety instructions and related rules, policies and memos, and to communicate clearly with your co-workers and supervisors.
