

Role: Bore Mechanic/Mechanic

Location: Anthony Lagoon & Eva Downs Station

of openings: 1

About the business

The Australian Agricultural Company has been passionately perfecting the Art of Australian Beef since 1824. It's what we do. Not only are we the oldest continuously operating company in Australia, but also the largest producer of beef, with the ability to deliver consistently at scale. We combine generations of farming heritage with stewardship over some of the world's finest cattle country and the most advanced, innovative technologies available to deliver premium beef to the world's most discerning consumers.

Location

Anthony Lagoon is situated approximately 440km north east from its nearest town, Tennant Creek whilst Eva Downs, is located approximately 300km north east from Tennant Creek, both properties are set in the hub of the Northern Territory's Barkly Tablelands on the historic Barkly Stock route.

Duties & responsibilities

As a **Bore Mechanic / Mechanic**, your role is to contribute to the success of the Station through the maintenance of fleet, machinery and bores. No two days will be the same and your work will vary.

This role reports to the Station Manager and you'll be a proactive and positive member of the crew.

Your role is key to the success of the business. On any given day this could include, but is not limited to:

- Maintenance and servicing of a variety of vehicles and machinery including Toyotas, Grader & Loader
- Responsible for leading water maintenance team
- Observation & maintenance of watering points
- Travelling between water points in a 4WD vehicle / MR Truck
- 4WD Vehicle/truck and tools provided on site for daily work duties
- Maintenance of 4WD/ vehicle and bore truck, crane, slings and spare parts
- Operation of Non-slewing Mobile Crane – (licence testing can be made available when on site)
- Weekly maintenance of bores across the cattle station
- Maintenance of Mono pump systems
- Solar bore pump systems maintenance
- Generator knowledge
- Maintenance of troughs and keeping a log of water points
- Reporting any issues back to the Station Manager
- Assisting elsewhere on the property if required
- Keep records of maintenance and parts for each bore
- Maintain spare parts inventory

Experience required

- Experience in a similar role with machinery experience, preferred
- Current drivers licence
- Must have a HC or MC or be prepared to upskill to one
- Experience working on a cattle station is preferred
- Ability to work unsupervised and as part of a team
- Ability to organise a daily/weekly work schedule

Benefits and perks

- Accommodation and food included
- Active social club and communal lounge
- Training and development opportunities
